**Directions:** Read the passage and answer the questions that follow:

Once upon a time, a clever monkey lived in a tree that bore juicy, red rose apples. He was very happy. One fine day, a crocodile swam up to that tree and told the monkey that he had traveled a long distance and was in search of food as he was very hungry. The kind monkey offered him a few rose apples. The crocodile enjoyed them very much and asked the monkey whether he could come again for some more fruit. The **generous** monkey happily agreed.

The crocodile returned the next day. And the next. And the next one after that. Soon the two became very good friends. They discussed their lives, their friends and family, like all friends do. The crocodile told the monkey that he had a wife and that they lived on the other side of the river. So the kind monkey offered him some extra rose apples to take home to his wife. The crocodile's wife loved the rose apples and made her husband promise to get her some every day.

Meanwhile, the friendship between the monkey and the crocodile deepened as they spent more and more time together. The crocodile's wife started getting jealous. She wanted to put an end to this friendship. So she pretended that she could not believe that her husband could be friends with a monkey. Her husband tried to convince her that he and the monkey shared a true friendship. The crocodile's wife thought to herself that if the monkey lived on a diet of rose apples, his flesh would be very sweet. So she asked the crocodile to invite the monkey to their house.

The crocodile was not happy about this. He tried to make the excuse that it would be difficult to get the monkey across the river. But his wife was determined to eat the monkey's flesh. So she thought of a plan. One day, she pretended to be very ill and told the crocodile that the doctor said that she would only recover if she ate a monkey's heart. If her husband wanted to save her life, he must bring her his friend's heart.

The crocodile was **aghast**. He was in a **dilemma**. On the one hand, he loved his friend. On the other, he could not possibly let his wife die. The crocodile's wife threatened him saying that if he did not get her the monkey's heart, she would surely die. So the crocodile went to the rose apple tree and invited the monkey to come home to meet his wife. He told the monkey that he could ride across the river on the crocodile's back. The monkey happily agreed. As they reached the middle of the river, the crocodile began to sink. The frightened monkey asked him why he was doing that. The crocodile explained that he would have to kill the monkey to save his wife's life. The clever monkey told him that he would gladly give up his heart to save the life of the crocodile's wife, but he had left his heart behind in the rose apple tree. He asked the crocodile to make haste and turn back so that the monkey could go get

his heart from the apple tree.

The silly crocodile quickly swam back to the rose apple tree. The monkey **scampered** up the tree to safety. He told the crocodile to tell his wicked wife that she had married the biggest fool in the world.

• Question No. 1

Why did the crocodile visit the monkey?

**Options :**

1. He was looking for a companion
2. He was very lonely
3. He had travelled a long distance and he was very hungry
4. He hated the monkey
5. He wanted to eat him

Answer : He had travelled a long distance and he was very hungry

5. E

Answer : B

Direction:

Read each sentence to find out whether there is any error in it. The error, if any, will be in one part of the sentence. Mark the part with the error as your answer. If there is no error, mark "No Error" as your answer. (Ignore the errors of punctuation, if any).

- Question No. 24

John's eyes fell on the man's (A) / shoes, one of which was high (B) / and other low, and he (C) / suddenly remembered something. (D) / No error (E)

Options :

1. A
2. B
3. C
4. D
5. E

Answer : C

Direction:

Read each sentence to find out whether there is any error in it. The error, if any, will be in one part of the sentence. Mark the part with the error as your answer. If there is no error, mark "No Error" as your answer. (Ignore the errors of punctuation, if any).

- Question No. 25

Indeed, she saw it as a consequence(A)/ of what she claimed is (B)/ the other group's strategy to (C)/drive a wedge between the two parties. (D)/ No error. (E)

Options :

1. A
2. B
3. C
4. D
5. E

Answer : B

Direction:

**In these questions a sentence is given with a blank and you have to choose an appropriate word from the given options that can fill the sentence making that grammatically and meaningfully complete.**

- Question No. 26

The State government is not in a position to further increase the number of FTs \_\_\_\_\_ of infrastructural and administrative issues.

Options :

1. as
2. although
3. because
4. due to
5. None of these

Answer : because

Direction:

**In these questions a sentence is given with a blank and you have to choose an appropriate word from the given options that can fill the sentence making that grammatically and meaningfully complete.**

- Question No. 27

Doing one's professional duty is one thing but going beyond, and \_\_\_\_\_ a shoulder to the needy is something else.

**Options :**

1. spending
2. sacrificing
3. lending
4. lounging
5. None of these

Answer : lending

Direction:

**In these questions a sentence is given with a blank and you have to choose an appropriate word from the given options that can fill the sentence making that grammatically and meaningfully complete.**

- Question No. 28

There have been suggestions to declare those \_\_\_\_\_ stateless not to be allowed to acquire landed property.

**Options :**

1. clarify
2. reporting
3. hailing
4. declared
5. None of these

Answer : declared

Direction:

**In these questions a sentence is given with a blank and you have to choose an appropriate word from the given options that can fill the sentence making that grammatically and meaningfully complete.**

- Question No. 29

A lack of winning momentum \_\_\_\_\_ the Indian contingent which heads to the BWF World championships at Basel, Switzerland.

**Options :**

1. epidemic
2. murrain
3. scourge
4. plagues
5. None of these

Answer : plagues

Direction:

**In these questions a sentence is given with a blank and you have to choose an appropriate word from the given options that can fill the sentence making that grammatically and meaningfully complete.**

- Question No. 30

Tiger Woods has \_\_\_\_\_ concerns about his lack of golf heading into this week's British Open.

**Options :**

1. blastoff
2. shrugged off
3. goof-off
4. languished
5. None of these

Answer : shrugged off

Direction:

**Find the wrong number in following number series:**

- Question No. 31

2, 6, 12, 48, 240, 1440, 10080

**Options :**

1. 12
2. 6
3. 2
4. 48
5. 240

Answer : 6

Direction:

**Find the wrong number in following number series:**

- Question No. 32

189, 186, 181, 174, 165, 155, 141

Options :

1. 189
2. 181
3. 165
4. 155
5. 141

Answer : 155

Direction:

**Find the wrong number in following number series:**

- Question No. 33

5, 9, 25, 59, 125, 225, 369

Options :

1. 369
2. 225
3. 25
4. 59

5. 9

Answer : 59

Direction:

**Find the wrong number in following number series:**

- Question No. 34

540, 550, 575, 585, 608, 620, 645

**Options :**

1. 608
2. 550
3. 575
4. 645
5. 585

Answer : 608

- Question No. 35

4, 11, 30, 67, 128, 221, 346

**Options :**

1. 11
2. 4
3. 221
4. 67
5. 346

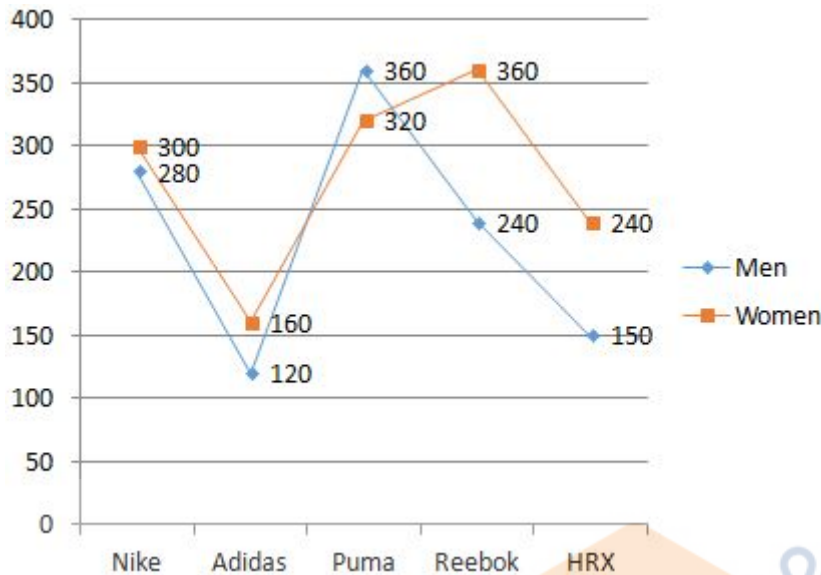

Answer : 221

Direction:

**Study the following information carefully and answer the questions given below.**

The line graph shows the different footwear brands for men and women.

• Question No. 36

Find the ratio of the number of men footwear of Nike to number of women footwear of Reebok?

Options :

1. 7:9
2. 4:5
3. 3:4
4. 5:7
5. None of these

Answer : 7:9

Direction:

**Study the following information carefully and answer the questions given below.**

The line graph shows the different footwear brands for men and women.

• Question No. 37

Number of women footwear of HRX is approximately what percent of the total number of footwears for both men and women of Puma?

Options :

1. 22%
2. 35%
3. 28%
4. 16%
5. None of these

Answer : 35%

Direction:

**Study the following information carefully and answer the questions given below.**

The line graph shows the different footwear brands for men and women.

• Question No. 38

Find the difference between the total number of footwears of Adidas and Reebok?

Options :

1. 480
2. 680
3. 760
4. 320
5. None of these

Answer : 320

Direction:

**Study the following information carefully and answer the questions given below.**

The line graph shows the different footwear brands for men and women.

• Question No. 39

Find the ratio of the average number of footwears for men to women of all the brands together.

Options :

1. 3:5

2. 5:6

3. 2:5

4. 7:5

5. None of these

Answer : 5:6

Direction:

**Study the following information carefully and answer the questions given below.**

The line graph shows the different footwear brands for men and women.

• Question No. 40

Find the difference between the total number of footwears of Nike and HRX?

Options :

1. 130
2. 160
3. 190
4. 110
5. None of these

Answer : 190

Direction:

**What will come in the place of question (?) mark?**

• Question No. 41

$$\sqrt{625} \div \sqrt{16} \times 6 = ?\% \text{ of } 300$$

Options :

1. 8.5
2. 15

3. 17.5

4. 10

5. 12.5

Answer : 12.5

Direction:

**What will come in the place of question (?) mark?**

- Question No. 42

$$26 \times 15 + 310 - (15)^2 = 25\% \text{ of ?}$$

**Options :**

1. 1500

$(12/13) \text{ of } 143 \div 6 - 12 = ?$

**Options :**

- 1. 14
- 2. 10
- 3. 8
- 4. 12
- 5. 11

Answer : 10

Direction:

**What will come in the place of question (?) mark?**

- Question No. 50

$75\% \text{ of } 300 - 175 = 70 - ?$

**Options :**

- 1. 20
- 2. 25
- 3. 10
- 4. 32
- 5. 40

Answer : 20

• Question No. 51

Average of 10 numbers is 35. If the average of first 5 numbers is 40 and average of last 3 numbers is 22, then what is the average of remaining two numbers?

**Options :**

1. 36
2. 42
3. 32
4. 40
5. 44

Answer : 42

• Question No. 52

Difference between downstream speed and upstream speed is 4 kmph. If speed of boat in still water is 7 times the speed of current, then what is the time taken by the boat to cover 48 km in downstream?

**Options :**

1. 3 hours
2. 4 hours
3. 5 hours
4. 2 hours
5. 6 hours

Answer : 3 hours

• Question No. 53

A shopkeeper gives 20% discount on a book and he still earns a profit  $33\frac{1}{3}\%$  on the book. If cost price of book is Rs. 600, then what is the discount given on the book? (in Rs.)

**Options :**

1. Rs. 100
2. Rs. 200
3. Rs. 300
4. Rs. 250
5. Rs. 150

Answer : Rs. 200

• Question No. 54

Ratio of present ages of A to B is 4:3. If C is 4 years younger to B and difference between present age of A and B is 4 years, then what is C's age 10 years hence?

**Options :**

1. 12 years
2. 22 years
3. 18 years
4. 20 years
5. 15 years

Answer : 18 years

• Question No. 55

A train X travelling at 15 m/sec crosses another train Y travelling in opposite direction at 72 kmph in 15 seconds. Find the length of train X which is twice of that of train Y?

**Options :**

1. 400 m
2. 350 m
3. 300 m
4. 500 m

5. 450 m

Answer : 350 m

• Question No. 56

A man invested Rs.63000 in a fixed deposit scheme for 3 yrs at CI of 6% p.a. How much will a man get on maturity of the fixed deposit?

Options :

1. 75034.01
2. 11576.25
3. 68381.55
4. 67491.84
5. None of these

Answer : 75034.01

• Question No. 57

The largest sphere is curved out of a cube of side 63 cm . The volume of the sphere (in cm<sup>3</sup>) will be?

Options :

1. 153708 cm<sup>3</sup>
2. 123437 cm<sup>3</sup>
3. 140851 cm<sup>3</sup>
4. 130977 cm<sup>3</sup>
5. None of these

Answer : 130977 cm<sup>3</sup>

• Question No. 58

Hari, Kavya and Sravi divide an amount of ₹ 2400 amongst themselves in the ratio of 5 : 3 : 4, respectively. If an amount of ₹ 500 is added to each of their shares, what will be the new respective ratio of their shares of amount?

**Options :**

1. 14 : 13 : 17
2. 18 : 19 : 17
3. 15 : 11 : 13
4. 16 : 12 : 17
5. None of these

Answer : 15 : 11 : 13

• Question No. 59

12 men and 16 women can do a piece of work in 5 days while 13 men and 24 women can do same piece of work in 4 days. How long will 7 men and 10 women take to do same piece of work?

- (i)  $6\frac{1}{3}$  days
- (ii)  $12\frac{1}{4}$  days
- (iii)  $7\frac{1}{3}$  days
- (iv)  $13\frac{1}{3}$  days
- (v)  $8\frac{1}{3}$  days

**Options :**

1. (i)
2. (iii)
3. (iv)
4. (v)
5. (ii)

Answer : (v)

• Question No. 60

A mixture of 30 litres contains alcohol and water in ratio 3:7. How much alcohol must be added to this mixture so that the ratio of alcohol and water becomes 2:3?

**Options :**

1. 7 ltr
2. 6 ltr
3. 8 ltr
4. 5 ltr
5. 4 ltr

Answer : 5 ltr

Direction:

**What will come in the place of question (?) mark?**

- Question No. 61

$$5616 \div 18 \div 8 = ?$$

**Options :**

1. 39
2. 48
3. 33

$$(9800) \div (45 + 20 \times 2 - 50) = ?$$

Options :

- 1. 381
- 2. 280
- 3. 254
- 4. 346

5. 200

Answer : 280

Direction:

**What will come in the place of question (?) mark?**

- Question No. 65

$$(4 \times ?)/100 \times 210 + 225 = 351$$

**Options :**

1. 20
2. 18
3. 25
4. 15
5. 10

Answer : 15

Direction:

**Study the following information and answer the questions carefully:**

WB, OECD, APEC, BRICS, UNO, ASEAN, BIO, ICJ are eight organisations and heads of that are A, B, C, D, H, L, M and O, who they are sitting around a circular table facing centre, but not necessarily in same order.

L sits second to right of person who is head of BRICS. The head of BIO is an immediate neighbour of head of BRICS. Two persons sit between head of BIO and B. C and H are immediate neighbours. Neither C nor H are immediate neighbours of either B or head of BRICS. The head of ICJ sits second to the right of D, who is neither head of BRICS nor of BIO. No one is sitting between the head of WB and M. Only one person sits between C and head of OECD. O sits third to left of head of UNO. The head of ASEAN sits second to left of head of APEC. The head of ICJ sits on the immediate left of head of BRICS and second to right of head of OECD.

- Question No. 66

How many head of the organisations are sitting between the head D and the organisation BIO?

**Options :**

1. Two
2. One
3. Three
4. None
5. None of these

Answer : Three

**Study the information given below and answer the questions based on it.**

Seven friends namely – Satwant, Rohan, Jay, Veeru, Tapish, Lalit and Jayant – live in a hostel having seven floors. All chose to stay on different floors of the hostel building (numbered 1 to 7) but not necessarily in the same order. They all have come from different states – Haryana, Punjab, Assam, Uttarakhand, Jharkhand, Himachal Pradesh and Bihar but not in the same order.

Rohan chose third floor and is from Punjab. Veeru has chosen the floor immediately below the floor which Tapish has chosen and immediately above the floor which Jay has chosen. There is only one floor between the floors which Rohan and Lalit have chosen. Veeru has not come from Jharkhand.

The one who chose the top floor has come from Bihar. There is only one floor between the floor of which Jay has chosen and the one who is from Haryana. The one who is from Himachal Pradesh has chosen the floor immediately above the floor which the one from Jharkhand has chosen. The one who is from Uttarakhand has not chosen the floor below the one from Haryana.

- Question No. 71

Satwant is from which of the following states?

**Options :**

1. Bihar
2. Jharkhand
3. Haryana
4. Either Bihar or Haryana
5. None of these

Answer : Either Bihar or Haryana

Direction:

• Question No. 95

Which of the following is definitely a code for "pink blooming of roses"?

Options :

- 1. kt jk rq bm
- 2. jk bm po rq
- 3. po kt cl rq
- 4. Either 1 or 2
- 5. Either 2 or 3

Answer : Either 1 or 2

• Question No. 96

If all the letters in the word UMBRELLA are arranged in alphabetical order from left to right in such a way that vowels are arranged first followed by consonants, then how many letters are there between U and R after the arrangement?

**Options :**

1. None
2. One
3. Three
4. Five
5. Four

Answer : Four

• Question No. 97

Five children were administered psychological tests to know their intellectual levels. In the report, psychologists pointed out that Arun is less intelligent than Barun. Kunal is less intelligent than Dhuru. The child Barun is less intelligent than Kunal and Arun is more intelligent than Imran. Who is the most intelligent among them?

**Options :**

1. Arun
2. Barun
3. Dhuru
4. Imran
5. None of these

Answer : Dhuru

• Question No. 98

In the number 7638249, each digit is replaced by the previous digit i.e., '7' is replaced by '6', '6' is replaced by '5' and so on and then the digits are arranged in ascending order from left to right, which digit will fourth from the left end?

**Options :**

1. 6
2. 5

- 3. 3
- 4. 2
- 5. None of these

Answer : 5

• Question No. 99

If the first four letters of the word DELICIOUS are written in reverse order, again next four letters are written in the reverse order. If this order continued, after change which will be the 4th letter from the right?

**Options :**

- 1. O
- 2. U
- 3. C
- 4. I
- 5. None of these

Answer : O

• Question No. 100

What will come in place of question mark(?) in the following series?

MWJ    HRN    EOP    ZJT    ?

**Options :**

- 1. WGV
- 2. YEM
- 3. WKO
- 4. ZGP
- 5. None of these

Answer : WGV
