In the bustling city of Arcadia, where the rhythm of life echoed through towering skyscrapers and busy streets, there existed a unique haven known as The Tranquil Grove. This haven was a testament to the vision of a visionary named Evelyn Harper, whose dream was to create a sanctuary amidst the urban chaos. Evelyn's ambitious project, born from a deep love for nature and community, would forever alter the city's landscape.

Evelyn, a woman with auburn curls and a determined spirit, had secured a reservation for an abandoned plot of land on the outskirts of the city. The Tranquil Grove was to be a haven where the concrete jungle gave way to lush greenery, and the frenetic pace of urban life slowed to a peaceful cadence. The project was her magnum opus, a blend of sustainability, art, and a touch of magic. As bulldozers and cranes descended upon the reserved land, transforming it from a forgotten patch into a canvas of possibilities, Evelyn's excitement radiated. She envisioned not just a park but a living, breathing artwork that would inspire and rejuvenate the weary souls of the city dwellers. The first phase of the project involved the planting of a myriad of trees, each carefully selected for its unique beauty and ability to thrive in the city's climate. Local artists were brought on board to contribute sculptures and installations that would seamlessly blend with the natural landscape. The Tranquil Grove was to be a testament to the harmonious coexistence of nature and human creativity. Community involvement was key to the success of Evelyn's project. Workshops were organized for residents to participate in tree planting, mural painting, and sustainable gardening. As word spread, more and more individuals eagerly joined hands to bring The Tranquil Grove to life. The once-abandoned reservation became a hub of collaboration and shared dreams.

Seasons changed, and The Tranquil Grove evolved with them. Cherry blossoms adorned the park in spring, casting a delicate pink hue over the landscape. Summer brought vibrant blooms and outdoor concerts, where the community gathered under the open sky. In autumn, the trees adorned themselves with a tapestry of warm hues, and winter transformed the park into a magical wonderland with twinkling lights and frost-kissed branches. Evelyn's project not only transformed the physical landscape but also the hearts of those who called Arcadia home. The Tranquil Grove became a symbol of the potential that lies within a reserved space, waiting to be nurtured and brought to life. It showcased the beauty of collaboration, demonstrating that a shared vision could overcome the challenges of the urban jungle.

As The Tranquil Grove flourished, Evelyn would often stroll through its pathways, marveling at the living testament to her dream. The reservation she had secured had blossomed into a sanctuary, a refuge for the soul, and a reminder that even in the midst of towering buildings, a touch of nature and community could create a haven of tranquility.

• Question No. 1

What did Evelyn Harper aspire to achieve with The Tranquil Grove project?

Options :

1. Transforming it into a bustling urban center
2. Creating a sustainable haven amidst the city
3. Developing an industrial complex
4. Constructing a high-rise residential area
5. Establishing a technology innovation hub

Answer : Creating a sustainable haven amidst the city

3. C
4. E
5. A

Answer : F

Direction:

Directions: Rearrange the following six sentences (A), (B), (C), (D), (E) and (F) to make a meaningful paragraph and answer the questions that follow.

A: "The Gift of the Magi" is a story about a young couple, Jim and Della Young, who are very much in love but facing financial hardships.

B: It's Christmas Eve, and both want to buy a special gift for the other.

C: However, they are limited by their meager means.

D: Della decides to sell her long, beautiful hair to a wig maker to buy a platinum fob chain for Jim's prized pocket watch.

E: Simultaneously, Jim sells his watch to buy combs for Della's hair.

F: On Christmas day, they exchange their gifts only to realize the irony of their actions.

• Question No. 19

What is the third sentence?

Options :

1. B
2. C
3. D
4. E
5. F

Answer : C

A: "The Gift of the Magi" is a story about a young couple, Jim and Della Young, who are very much in love but facing financial hardships.

B: It's Christmas Eve, and both want to buy a special gift for the other.

C: However, they are limited by their meager means.

D: Della decides to sell her long, beautiful hair to a wig maker to buy a platinum fob chain for Jim's prized pocket watch.

E: Simultaneously, Jim sells his watch to buy combs for Della's hair.

F: On Christmas day, they exchange their gifts only to realize the irony of their actions.

• Question No. 20

What is the fourth sentence?

Options :

1. D
2. C

- 3. F
- 4. B
- 5. A

Answer : D

• Question No. 21

Directions: In each of the questions below, a sentence is given with a blank that indicates that a word is missing. Identify the word that fits in the blank to make the sentence grammatically and contextually correct.

The weather was so _____ that we decided to have a picnic in the park.

Options :

- 1. gloomy
- 2. unpredictable
- 3. delightful
- 4. turbulent
- 5. treacherous

Answer : delightful

• Question No. 22

Directions: In each of the questions below, a sentence is given with a blank that indicates that a word is missing. Identify the word that fits in the blank to make the sentence grammatically and contextually correct.

We decided to go for a walk _____ the weather was pleasant.

Options :

- 1. because
- 2. although
- 3. unless
- 4. if
- 5. so

Answer : because

• Question No. 23

Directions: In each of the questions below, a sentence is given with a blank that indicates that a word is missing. Identify the word that fits in the blank to make the sentence grammatically and contextually correct.

John and _____ are planning to visit the museum this weekend.

Options :

- 1. me
- 2. my
- 3. mine
- 4. I
- 5. myself

Answer : I

• Question No. 24

Directions: In each of the questions below, a sentence is given with a blank that indicates that a word is missing. Identify the word that fits in the blank to make the sentence grammatically and contextually correct.

The manager asked each employee to submit _____ report by the end of the week.

Options :

1. them
2. their
3. theirs
4. they
5. there

Answer : their

• Question No. 25

Directions: In each of the questions below, a sentence is given with a blank that indicates that a word is missing. Identify the word that fits in the blank to make the sentence grammatically and contextually correct.

The movie was so _____ that everyone in the theater couldn't stop laughing.

Options :

1. intense
2. emotional
3. hilarious
4. suspenseful
5. monotonous

Answer : hilarious

• Question No. 26

Directions: In each question below, four words printed in bold type are given. These are numbered (A), (B), (C) and (D). One of these words printed in bold might either be wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if any. The number of the word is your answer. If the words printed in bold are correctly spelt and appropriate in the context of the sentence then mark (E), i.e. 'All Correct', as your answer.

Agricultural (A) workers are the worst **effected** (B) in many countries, with the **burden** (C) often shifting to those in **construction** (D) in higher income countries, such as the US.

Options :

1. A
2. B
3. C
4. D
5. all are correct

Answer : B

• Question No. 27

Directions: In each question below, four words printed in bold type are given. These are numbered (A), (B), (C) and (D). One of these words printed in bold might either be wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if any. The number of the word is your answer. If the words printed in bold are correctly spelt and appropriate in the context of the sentence then mark (E), i.e. 'All Correct', as your answer.

Nearly all tropical **glaciers**, (A) most mid-latitude glaciers and **polar** (B) regions will **disappear** (C) even if the world **manages** (D) to limit global temperature rise to 2 degrees Celsius.

Options :

1. A
2. B
3. C
4. D
5. all are correct

Answer : B

• Question No. 28

Directions: In each question below, four words printed in bold type are given. These are numbered (A), (B), (C) and (D). One of these words printed in bold might either be wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if any. The number of the word is your answer. If the words printed in bold are correctly spelt and appropriate in the context of the sentence then mark (E), i.e. 'All Correct', as your answer.

Sand and dust storms are a **meteorological** (A) phenomenon characterised by strong and **turbulent** (B) winds lifting an **ansemble** (C) of small particles to great **heights**. (D)

Options :

1. A
2. B
3. C
4. D
5. all are correct

Answer : C

• Question No. 29

Directions: In each question below, four words printed in bold type are given. These are numbered (A), (B), (C) and (D). One of these words printed in bold might either be wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if any. The number of the word is your answer. If the words printed in bold are correctly spelt and appropriate in the context of the sentence then mark (E), i.e. 'All Correct', as your answer.

The **Aviation** (A) Color Code was also **elevated** (B) to orange on November 10, indicating an increased likelihood of **eruption** (C) that could result in engine loss and **navigational** (D) failure for aircraft.

Options :

1. A
2. B
3. C
4. D
5. all are correct

Answer : D

• Question No. 30

Directions: In each question below, four words printed in bold type are given. These are numbered (A), (B), (C) and (D). One of these words printed in bold might either be wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if any. The number of the word is your answer. If the words printed in bold are correctly spelt and appropriate in the context of the sentence then mark (E), i.e. 'All Correct', as your answer.

Minister of Housing and Urban **Development** (A) Celestin Ketcha Courtes also **blamed** (B) the locals, saying the disaster could have been **avoided** (C) if the people had listened to the **warnings** (D) from weather experts.

Options :

1. A
2. B
3. C
4. D
5. all are correct

Answer : all are correct

Direction:

Read the data carefully and answer the following questions. In a school, only three cultural events are conducted: Dance, Drama, and Poem. The number of girls participating in the Dance event is equal to the number of girls participating in the Drama event. The number of boys participating in the Dance event is four times the number of girls in the Dance event. The count of boys performing in the Drama event and the number of girls performing in the Poem event are 37.5% and 50%, respectively, of the number of boys performing in the Dance event. The number of boys performing in the Drama event is 360. The ratio of the number of boys performing in the Poem event to the number of girls performing in the Poem event is 2:3.

• Question No. 31

Find the ratio of the number of girls performing in the Dance event to the number of boys performing in the Poem event.

Options :

1. 3:2
2. 1:4
3. 3:5
4. 3:4
5. none of these

Answer : 3:4

Direction:

Read the data carefully and answer the following questions. In a school, only three cultural events are conducted: Dance, Drama, and Poem. The number of girls participating in the Dance event is equal to the number of girls participating in the Drama event. The number of boys participating in the Dance event is four times the number of girls in the Dance event. The count of boys performing in the Drama event and the number of girls performing in the Poem event are 37.5% and 50%, respectively, of the number of boys performing in the Dance event. The number of boys performing in the Drama event is 360. The ratio of the number of boys performing in the Poem event to the number of girls performing in the Poem event is 2:3.

• Question No. 32

Out of the total number of students (boys + girls) participating in the Dance event, 35% are from class 10th. Find the number of students from class 10th who are performing in the Dance event.

Options :

1. 320
2. 145
3. 355
4. 420
5. none of these

Answer : 420

Direction:

Read the data carefully and answer the following questions. In a school, only three cultural events are conducted: Dance, Drama, and Poem. The number of girls participating in the Dance event is equal to the number of girls participating in the Drama event. The number of boys participating in the Dance event is four times the number of girls in the Dance event. The number of boys performing in the Drama event is 360. The ratio of the number of boys performing in the Poem event to the number of girls performing in the Poem event is 2:3.

- Question No. 33

By what percentage are the number of boys performing in the Poem event more or less than the number of boys performing in the Drama event?

Options :

1. 15.11% less
2. 20.11% more
3. 11.11% less
4. 25% more
5. none of these

Answer : 11.11% less

Direction:

The table below provides information about the number of bank accounts opened by people in four different banks (Axis, PNB, ICICI, and HDFC) during four months (January, February, March, and April). Please read the data carefully and answer the questions.

Banks	January	February	March	April
Axis	153	121	90	92
PNB	102	85	140	117
ICICI	80	124	118	51
HDFC	90	113	112	85

- Question No. 34

What percentage of the total number of bank accounts opened in Axis Bank in March is equivalent to the total number of bank accounts opened in HDFC Bank across all months?

Options :

1. 22.5%
2. 10.05%
3. 27.22%
4. 15.01%
5. none of these

Answer : 22.5%

Direction:

The table below provides information about the number of bank accounts opened by people in four different banks (Axis, PNB, ICICI, and HDFC) during four months (January, February, March, and April). Please read the data carefully and answer the questions.

Banks	January	February	March	April
Axis	153	121	90	92
PNB	102	85	140	117
ICICI	80	124	118	51
HDFC	90	113	112	85

• Question No. 35

What will be the ratio of the total number of bank accounts opened in Axis Bank and ICICI Bank together in February to the total number of bank accounts opened in PNB Bank in March?

Options :

1. 7:4
2. 1:4
3. 2:3
4. 7:2
5. none of these

Answer : 7:4

Direction:

The table below provides information about the number of bank accounts opened by people in four different banks (Axis, PNB, ICICI, and HDFC) during four months (January, February, March, and April). Please read the data carefully and answer the questions.

Banks	January	February	March	April

4. 552
5. none of these

Answer : 848

Direction:

What will come in the place of question mark (?) in the given expression?

- Question No. 53

$$\{[(5832 \div 54) \div 18] \div 6\} + 21^2 - 6^3 = ?$$

Options :

1. 222
2. 226
3. 220
4. 152
5. none of these

Answer : 226

Direction:

In the questions, two equations I and II are given. You have to solve both the equations to establish the correct relation between x and y and choose the correct option.

- Question No. 54

I. $p^2 - 5p - 25 = 25$

II. $q(q - 9) = 36$

Options :

1. $p > q$
2. $p < q$
3. $p = q$ or the relationship cannot be established
4. $p ? q$
5. $p ? q$

Answer : $p = q$ or the relationship cannot be established

Direction:

In the questions, two equations I and II are given. You have to solve both the equations to establish the correct relation between x and y and choose the correct option.

- Question No. 55

I. $p^2 - p = 12p - 12$

II. $q = (625)^{(1/4)}$

Options :

1. $p > q$
2. $p < q$
3. $p = q$ or the relationship cannot be established
4. $p ? q$
5. $p ? q$

Answer : $p = q$ or the relationship cannot be established

Direction:

In the questions, two equations I and II are given. You have to solve both the equations to establish the correct relation between x and y and choose the correct option.

- Question No. 56

I. $2p^2 - 9p + 4 = 0$

II. $2q^2 + 7q - 4 = 0$

Options :

1. $p > q$
2. $p < q$
3. $p = q$ or the relationship cannot be established
4. $p ? q$
5. $p ? q$

Answer : $p ? q$

Direction:

In the questions, two equations I and II are given. You have to solve both the equations to establish the correct relation between x and y and choose the correct option.

- Question No. 57

I. $p^2 - 6p + 8 = 0$

II. $2q^2 - 19q + 45 = 0$

Options :

1. $p > q$
2. $p < q$
3. $p = q$ or the relationship cannot be established
4. $p ? q$
5. $p ? q$

Answer : $p < q$

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answers.

- Question No. 58

(I) $2P^2 + 39P + 180 = 0$

(II) $3Q^2 - 8Q - 156 = 0$

Options :

1. $P > Q$
2. $P = Q$ or relation cannot be established
3. $P ? Q$
4. $P < Q$
5. $Q ? P$

Answer : $P < Q$

- Question No. 59

A merchant labeled an item with a price 40% higher than the cost price and subsequently sold it with a discount of $d\%$, resulting in a 5% profit. Determine the value of 'd'.

Options :

1. 20%
2. 24%
3. 25%
4. 15%
5. none of these

Answer : 25%

• Question No. 60

The current ages of Ashwin and Bhavin are in a 5:4 ratio. Ashwin's current age is 25% greater than Bhavin's. If the current average age of Ashwin, Bhavin, and Chetan is 28 years, what is Chetan's present age?

Options :

1. 25 yrs
2. 35 yrs
3. 30 yrs
4. 45 yrs
5. none of these

Answer : 30 yrs

• Question No. 61

Amit achieved a score of 28% in an exam but fell short by 42 points to pass. Rahul, on the other hand, secured 41% in the same test and exceeded the passing score by 36 marks. What is the passing score for this examination?

Options :

1. 205
2. 200
3. 210
4. 225
5. none of these

Answer : 210

• Question No. 62

In a container, there is a mixture of 120 liters of juice, which has juice and water in the ratio of 3:5, respectively. If 15 liters of water are poured into the mixture, what will be the new ratio of juice to water in the updated mixture?

Options :

1. 1:3
2. 1:2
3. 1:5
4. 2:3
5. none of these

Answer : 1:2

• Question No. 63

Rohit allocates his monthly salary in different proportions: 15% on traveling, 20% on entertainment, 22% on studies, and 26% on food. The remainder is donated. If the difference between what he spent on studies and the amount he donated is Rs. 628, what is Rohit's monthly salary?

Options :

1. Rs.12,500
2. Rs.12,560
3. Rs.12,450
4. Rs.12,120
5. none of these

Answer : Rs.12,560

• Question No. 64

'R' takes 20 days to complete a task, and 'A' takes 30 days to do the same task. To finish the job in just 6 days, what percentage increase in their respective efficiencies is required by 'R' and 'A'?

Options :

1. 75%
2. 25%
3. 100%
4. 95%
5. 55%

Answer : 100%

• Question No. 65

The speed ratio of a bike to a cycle is 5:6. If the bike takes 50% more time to cover a certain distance at a reduced speed, and the difference between its original and new speed is 20 km/h, determine the speed of the cycle needed to cover a distance of 540 km.

Options :

1. 2.5 hrs
2. 5 hrs
3. 12 hrs
4. 7.5 hrs
5. 15.25 hrs

Answer : 7.5 hrs

Direction:

Read the directions carefully and answer the following question.

Seven persons Pankaj, Prakash, Praful, Pawan, Suraj, Amit, and Vibhor are working in a multinational company on different designations but not necessarily in the same order. The designations are in decreasing order such as Chief Executive officer (CEO), Chief Technology Officer (CTO), Chief Marketing Officer (CMO), Chief Financial Officer (CFO), Product Manager (PM), Operations Manager (OM) and Clerk where Chief Executive officer (CEO) is the senior most designated person and Clerk is the junior most designated person.

Only one person is designated between Pankaj and Pawan, who is not senior to Vibhor. Pankaj is neither senior to Suraj nor junior to Vibhor. The number of person senior to Suraj is same as the number of person junior to Vibhor. Prakash is senior to Amit but junior to Praful. Suraj is two position senior to Vibhor.

• Question No. 66

Who among the following is immediate senior to Suraj?

Options :

1. Suraj
2. Praful
3. Prakash
4. Pankaj
5. Pawan

Answer : Prakash

Direction:

Seven persons Pankaj, Prakash, Praful, Pawan, Suraj, Amit, and Vibhor are working in a multinational company on different designations but not necessarily in the same order. The designations are in decreasing order such as Chief Executive officer (CEO), Chief Technology Officer (CTO), Chief Marketing Officer (CMO), Chief Financial Officer (CFO), Product Manager (PM), Operations Manager (OM) and Clerk where Chief Executive officer (CEO) is the senior most designated person and Clerk is the junior most designated person.

Only one person is designated between Pankaj and Pawan, who is not senior to Vibhor. Pankaj is neither senior to Suraj nor junior to Vibhor. The number of person senior to Suraj is same as the number of person junior to Vibhor. Prakash is senior to Amit but junior to Praful. Suraj is two position senior to Vibhor.

• Question No. 67

How many persons are designated between Suraj and Amit?

Options :

1. One
2. Two
3. Three
4. Four
5. Five

Answer : Three

Direction:

Read the directions carefully and answer the following question.

Seven persons Pankaj, Prakash, Praful, Pawan, Suraj, Amit, and Vibhor are working in a multinational company on different designations but not necessarily in the same order. The designations are in decreasing order such as Chief Executive officer (CEO), Chief Technology Officer (CTO), Chief Marketing Officer (CMO), Chief Financial Officer (CFO), Product Manager (PM), Operations Manager (OM) and Clerk where Chief Executive officer (CEO) is the senior most designated person and Clerk is the junior most designated person.

Only one person is designated between Pankaj and Pawan, who is not senior to Vibhor. Pankaj is neither senior to Suraj nor junior to Vibhor. The number of person senior to Suraj is same as the number of person junior to Vibhor. Prakash is senior to Amit but junior to Praful. Suraj is two position senior to Vibhor.

• Question No. 68

Who among the following is designated at the senior most position?

Options :

1. Vibhor
2. Praful
3. Suraj
4. Prakash
5. Pankaj

Answer : Praful

Direction:

Read the directions carefully and answer the following question.

Seven persons Pankaj, Prakash, Praful, Pawan, Suraj, Amit, and Vibhor are working in a multinational company on different designations but not necessarily in the same order. The designations are in decreasing order such as Chief Executive officer (CEO), Chief Technology Officer (CTO), Chief Marketing Officer (CMO), Chief Financial Officer (CFO), Product Manager (PM), Operations Manager (OM) and Clerk where Chief Executive officer (CEO) is the senior most designated person and Clerk is the junior most designated person.

Only one person is designated between Pankaj and Pawan, who is not senior to Vibhor. Pankaj is neither senior to Suraj nor junior to Vibhor. The number of person senior to Suraj is same as the number of person junior to Vibhor. Prakash is senior to Amit but junior to Praful. Suraj is two position senior to Vibhor.

• Question No. 69

Find the **odd** one out.

Options :

1. Pankaj – Prakash
2. Suraj – Praful
3. Amit – Vibhor
4. Pawan – Pankaj
5. Amit – Suraj

Answer : Amit – Suraj

Direction:

Read the directions carefully and answer the following question.

Seven persons Pankaj, Prakash, Praful, Pawan, Suraj, Amit, and Vibhor are working in a multinational company on different designations but not necessarily in the same order. The designations are in decreasing order such as Chief Executive officer (CEO), Chief Technology Officer (CTO), Chief Marketing Officer (CMO), Chief Financial Officer (CFO), Product Manager (PM), Operations Manager (OM) and Clerk where Chief Executive officer (CEO) is the senior most designated person and Clerk is the junior most designated person.

Only one person is designated between Pankaj and Pawan, who is not senior to Vibhor. Pankaj is neither senior to Suraj nor junior to Vibhor. The number of person senior to Suraj is same as the number of person junior to Vibhor. Prakash is senior to Amit but junior to Praful. Suraj is two position senior to Vibhor.

• Question No. 70

Find the **correct** match.

Options :

1. Clerk – Suraj
2. PM – Prakash
3. CMO – Amit
4. CTO – Vibhor
5. CEO – Praful

Answer : CEO – Praful

Direction:

In the question below there are three statements followed by two conclusions I and II. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three statements disregarding commonly known facts.

- Question No. 71

Statements:

Only Black is Red.

No Black is White.

Some White are Brown.

Conclusion:

Some Brown can be Red.

All Black can be Brown.

Options :

1. Only Conclusion I follows.
2. Only Conclusion II follows.
3. Either Conclusion I or II follow.
4. Neither Conclusion I nor II follow.
5. None of these.

Answer : Neither Conclusion I nor II follow.

Direction:

In the question below there are three statements followed by two conclusions I and II. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three statements disregarding commonly known facts.

- Question No. 72

Statements:

Some Grapes are Apple.

Some Apples are Banana.

Only Banana is Kiwi.

Conclusion:

All Grapes can be Kiwi.

All Grapes can be Banana.

Options :

1. Only Conclusion I follows.
2. Only Conclusion II follows.
3. Either Conclusion I or II follow.
4. None of these.
5. Neither Conclusion I nor II follow.

Answer : Only Conclusion II follows.

Direction:

In the question below there are three statements followed by two conclusions I and II. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three statements disregarding commonly known facts.

- Question No. 73

Statements:

All Books are Pencil.

Some Pencil are Scale.

No Scale is Eraser.

Conclusion:

All Pencil can be Eraser.

All Eraser can be Pencil.

Options :

1. Only Conclusion I follows.
2. Only Conclusion II follows.
3. Either Conclusion I or II follow.
4. Neither Conclusion I nor II follow.
5. None of these.

Answer : Only Conclusion II follows.

Answer the following questions based on the information given below. (Note: The 1st , 2nd, 3rd number or digits are to be taken from left end.)

673 279 736 458 875

- Question No. 74

If 1 is added to second digit of every number, then how many numbers will have digits which occur more than once?

Options :

1. Four

2. One
3. Three
4. Two
5. None of the above

Answer : One

Direction:

Answer the following questions based on the information given below. (Note: The 1st , 2nd, 3rd number or digits are to be taken from left end.)

673 279 736 458 875

• Question No. 75

If digits of all the numbers are written in ascending order, then which number represents the highest number?

Options :

1. 279
2. 736
3. 458
4. 875
5. 673

Answer : 875

Direction:

Answer the following questions based on the information given below. (Note: The 1st , 2nd, 3rd number or digits are to be taken from left end.)

673 279 736 458 875

• Question No. 76

What is the sum of second digit of third number from the left end and first digit of second number from the right end?

Options :

1. 11
2. 9
3. 8
4. 7
5. None of the above

Answer : 7

Direction:

Answer the following questions based on the information given below. (Note: The 1st , 2nd, 3rd number or digits are to be taken from left end.)

673 279 736 458 875

• Question No. 77

How many numbers have exactly two prime digits?

Options :

1. Two
2. Three
3. One
4. Four
5. None of the above

Answer : Four

Direction:

Answer the following questions based on the information given below. (Note: The 1st , 2nd, 3rd number or digits are to be taken from left end.)

673 279 736 458 875

- Question No. 78

Which number has lowest sum of 1st and 3rd digit?

Options :

1. 279
2. 673
3. 458
4. 875
5. 736

Answer : 673

- Question No. 79

In a certain code language, 'ARISE' is coded as '1189195' and 'WEIRD' is coded as '2359184'. What will be the code for 'MOTH' in the same code language?

Options :

1. 1315208
2. 1315207
3. 1321158
4. 1385201
5. 1385291

Answer : 1315208

- Question No. 80

Find the **odd** one out

Options :

1. ZWTQ
2. SPMJ
3. PMKH
4. NKHE
5. PMJG

Answer : PMKH

Direction:

Study the following information carefully and answer the questions given below it.

Eight persons I, J, K, L, M, N, O and P are sitting in the square table. The persons who are sitting in the corner facing centre and the persons who are sitting sides are facing outside. Not necessarily in the same order.

Only two persons are sitting between I and K. P sits to the immediate left of K. L sits opposite to K. L does not sit to the immediate right of I. Only three persons are sitting between O and J. M sits to the immediate left of J. M is not the immediate neighbour of K. M is an immediate neighbour of L and does not sit at any of the corners.

• Question No. 81

Who is sitting third to the left of P?

Options :

1. I
2. K
3. M
4. O
5. N

Answer : O

5. None

Answer : One

Direction:

Answer the questions based on the information given below.

Eight boxes R, S, T, U, V, W, X and Y are placed in an almirah having eight shelves such that lowermost shelf is numbered as 1 and shelf above the lowermost shelf is numbered as 2 and so on.

The shelf number of box X is equal to the sum of the shelf of both the boxes V and S but box S is placed above the box V. Box U is placed above the box Y. Box T is placed either on topmost or lowermost shelf. Only three boxes are placed between box R and box T. Box X is placed immediately above the box R. Only three boxes are placed between box V and box W.

- Question No. 91

Which of the following statements is correct?

Options :

1. Box T is placed on the odd number shelf
2. Box R is placed two shelves above the box W
3. Box S is placed two shelves below the box X
4. Box T is placed just above the box S
5. None is correct

Answer : Box S is placed two shelves below the box X

Direction:

Answer the questions based on the information given below.

Eight boxes R, S, T, U, V, W, X and Y are placed in an almirah having eight shelves such that lowermost shelf is numbered as 1 and shelf above the lowermost shelf is numbered as 2 and so on.

The shelf number of box X is equal to the sum of the shelf of both the boxes V and S but box S is placed above the box V. Box U is placed above the box Y. Only three boxes are placed between box V and box W.

- Question No. 92

How many boxes are placed between the Box V and Box T?

Options :

1. One
2. Two
3. Three
4. Four
5. Five

Answer : Five

Direction:

Answer the questions based on the information given below.

Eight boxes R, S, T, U, V, W, X and Y are placed in an almirah having eight shelves such that lowermost shelf is numbered as 1 and shelf above the lowermost shelf is numbered as 2 and so on.

The shelf number of box X is equal to the sum of the shelf of both the boxes V and S but box S is placed above the box V. Box U is placed above the box Y. Box T is placed either on topmost or lowermost shelf. Only three boxes are placed between box R and box T. Box X is placed immediately above the box R. Only three boxes are placed between box V and box W.

- Question No. 93

Which of the following box is placed just above the Box S?

Options :

1. Box Y
2. Box T
3. Box W
4. Box X
5. Box R

Answer : Box R

Direction:

Answer the questions based on the information given below.

Eight boxes R, S, T, U, V, W, X and Y are placed in an almirah having eight shelves such that lowermost shelf is numbered as 1 and shelf above the lowermost shelf is numbered as 2 and so on.

The shelf number of box X is equal to the sum of the shelf of both the boxes V and S but box S is placed above the box V. Box U is placed above the box Y. Box T is placed either on topmost or lowermost shelf. Only three boxes are placed between box R and box T. Box X is placed immediately above the box R. Only three boxes are placed between box V and box W.

- Question No. 94

Which box is placed on the shelf number 6?

Options :

1. Box R
2. Box Y
3. Box W
4. Box V
5. None of these

Answer : Box W

Direction:

Answer the questions based on the information given below.

Eight boxes R, S, T, U, V, W, X and Y are placed in an almirah having eight shelves such that lowermost shelf is numbered as 1 and shelf above the lowermost shelf is numbered as 2 and so on.

The shelf number of box X is equal to the sum of the shelf of both the boxes V and S but box S is placed above the box V. Box U is placed above the box Y. Box T is placed either on topmost or lowermost shelf. Only three boxes are placed between box R and box T. Box X is placed immediately above the box R. Only three boxes are placed between box V and box W.

- Question No. 95

Which of the following box is placed just below the box T?

Options :

1. Box Y
2. Box U
3. Box V
4. Box S
5. None of these

Answer : Box U

- Question No. 96

Read the directions carefully and answer the following question.

If it is possible to make only one meaningful word using the second, third, fifth, and the seventh letter of the word 'FACULTY' using each letter only once. Then the last letter of that newly formed word is your answer. If no such word can be formed, mark your answer as 'X', and if more than one such word can be formed, mark your answer as Z.

Options :

1. X
2. A
3. Y
4. Z
5. C

Answer : Y

Direction:

Answer the questions based on the information given below.

There are six members N, O, P, Q, R and S in the family of three generations. No single parent has a child. R is the son-in-law of O, who has two daughters. Q is the son of P. S is married. The gender of N and S is same.

- Question No. 97

How is S related to R?

Options :

1. Mother-in-law
2. Daughter in-law
3. Sister
4. Father-in-law
5. Can't be determined

Answer : Mother-in-law

Direction:

Answer the questions based on the information given below.
